Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <subject> appear in <documents> released before <date>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <subject> appear in <documents> released before <date>?” contract (Contract). The Contract will initially be listed after close-of-business on **July 24, 2025**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- **<date>**
- **<subject>**
- **<documents>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “Will <subject> appear in <documents> released before <date>?” Contract is a contract relating to Politics.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: “Will <subject> appear in <documents> released before <date>?”

Rulebook: SUBJECTDOCUMENTS

SUBJECT DOCUMENTS

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the content of <documents> specified by the Exchange that are released after Issuance and before <date>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, <documents>, The New York Times, the Associated Press, Bloomberg News, Reuters, Axios, Politico, Semafor, The Information, The Washington Post, The Wall Street Journal, ABC, CBS, CNN, Fox News, MSNBC, and NBC.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<subject>: <subject> refers to an individual, group of individuals, corporation, entity, or topic specified by the Exchange. This may include:

- Named individuals with identity persistence through name changes
- Specific offices or positions (e.g., "The Secretary of State")
- Groups defined by role (e.g., "A Supreme Court Justice")
- Anonymous descriptions that are later identified (e.g., "A senior White House official")
- "Unknown person," "Anonymous source," or "Other person not listed"
- Multiple persons, corporations, or entities using AND/OR logic
- Named corporations, referred to by official name, stock ticker, registration jurisdiction, or other distinguishing features
- Any topic of discussion specified by the Exchange

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

<documents>: <documents> refers to specific information, documents, or subject matter specified by the Exchange. This may include, but is not limited to: specific documents or sets of documents, conversations, meetings, or communications, draft documents, proposals, or internal deliberations, court filings, depositions, orders, and exhibits; officially unsealed records from prior sealed proceedings, FOIA-requested documents released by government agencies, any documents described by characteristics, or any combination of the aforementioned using AND/OR logic.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <subject> appears in <documents> publicly released for the first time after Issuance and before <date>. The context in which <subject> appears does not matter for resolution.

The following conditions apply to this Contract:

- <subject> is considered to appear in <documents> when either the exact term, phrase, or name specified appears in the content of <documents>, or <subject> is present by way of commonly used abbreviation, direct synonym, or unmistakable reference including in any official appendices, footnotes, or tables.
- The <documents> must be publicly released after Issuance and before <date>. <documents> directly issued and officially published by the relevant institution or entity, leaks of <documents>, and media coverage by Source Agencies count, unless otherwise specified by the Exchange.
- If <documents> are revised after publication, all publicly released versions prior to Expiration will be used. If a correction or update nullifies the appearance of <subject>, the market may still resolve to Yes based on original reporting.
- The release time of <documents> is noted to be when <documents> are made available to the public either directly or through third-party media reports.
- If a document is heavily redacted, only visible, legible, and unambiguous references count.

Examples that would resolve the market to Yes:

- A FOIA release from the FBI after Issuance and before <date> includes the <subject> in an internal memo.
- A court publishes newly released <documents> that list a previously unnamed <subject> alongside known individuals.

Examples that would NOT resolve the market to Yes:

- <documents> mentioning <subject> were made public before Contract Issuance
- A heavily redacted PDF is released, and <subject> is blacked out.

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
