CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The "Will <team> have the <best rank/worst rank> record in <league/division> in <season>?" Contract is a contract relating to Sports.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is $0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least $0.01 and at most $0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of $0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange's Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access

the Underlying are non-binding and are provided for convenience only and are not part of the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE 40.2, 17 C.F.R. § 40.2

Based on the above analysis, the Exchange certifies that:

- ❏ The Contract complies with the Act and Commission regulations thereunder.
- ❏ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at https://kalshi.com/regulatory/filings.

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: "Will <team> have the <best rank/worst rank> record in <league/division> in <season>?"
Rulebook: TEAMRECORDS

TEAMRECORDS

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the final regular season standings for <league/division> in <season> as documented by the Source Agencies. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are the official league governing <league/division>, official league statistics websites, ESPN, The Athletic, Sports Reference sites (Baseball Reference, Basketball Reference, etc.), the Associated Press, and official league media guides.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<team>: <team> refers to a specific franchise specified by the Exchange. Team identity persists through relocations or rebrandings during <season>.

<best rank/worst rank>: <best rank/worst rank> refers to the ranking criterion specified by the Exchange. "Best" means highest ranked (i.e. first place) according to the official league standings methodology. "Worst" means lowest ranked (i.e. in last place) according to the official league standings methodology.

<league/division>: <league/division> refers to a specific competitive grouping specified by the Exchange. This may be an entire league, a conference, or a division. Only teams that are members of <league/division> at the conclusion of <season> are considered.

<season>: <season> refers to a specific regular season specified by the Exchange, identified by year(s) and sport. This explicitly EXCLUDES playoffs, play-in games, and postseason tournaments unless otherwise specified.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <team> finishes with the <best rank/worst rank> record in <league/division> at the conclusion of the regular season portion of <season>, as determined by the official league standings methodology.

Record determination follows the official league methodology:

- For leagues using winning percentage: Highest/lowest winning percentage
- For leagues using points systems: Most/fewest points
- For leagues using other systems: The official primary standings criterion

- If additional tiebreakers are needed, then tiebreakers used for playoff seeding will be used until there is only one team remaining; if there are still multiple teams (e.g. because neither team was qualifying to the playoffs) ALL tied teams satisfy the Payout Criterion (market resolves to "Yes" for all tied teams, with "Yes" holders receiving $1.00/number of tied teams)

The following scenarios result in special handling:

- Shortened/extended season: Uses official final standings regardless of games played
- Cancelled season: Market resolves to "No" for all teams, if the entirety of the season is cancelled
- Games not played due to COVID, weather, etc.: Follow league's official determination

Minimum Tick: The Minimum Tick size for the Contract shall be $0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be $25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one month after the scheduled end of <season> regular season. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is $1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
